

## RoHS Compliance certificate

RODAN Technologies hereby certifies that, in conformity with the European Directive 2011/65/EU about restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS), its products are RoHS compliant.

The restricted substances and maximum concentration values (MCV) tolerated by weight in homogeneous materials, mentioned below:

- Lead (Pb) – 0,1%
- Mercury (Hg) – 0,1%
- Cadmium (Cd) – 0,01%
- Hexavalent Chromium (Cr) – 0,1%
- Polybrominated Biphenyls (PBB) – 0,1%
- Polybrominated Diphenyl Ethers (PBDE) – 0,1%

RODAN Technologies do not manufacture any of the product we sell, with the exception of cable assemblies, which utilize components from our qualified suppliers.

All items are RoHS unless otherwise stated.
